

# The Elon Community Garden

November 2010

It has been a busy fall at the garden this year. We discovered a critter munching on all our crops and are working on creative ways to handle it such as spraying bobcat urine and building fences. We also decided that it was time to reconstruct the herb beds using Trex®, which is a product made from recycled plastic that looks like wood and can be used in the same way as wood, but won't rot.

We are going to need some help building our fence and putting our very own greenhouse together, so keep an eye on our Facebook page for ways you can get involved this month!

## Garden Workdays

Every Saturday from 3-5pm

Every Tuesday from 4:30-6 pm

Join our facebook group  
<http://www.facebook.com/#!/group.php?gid=156581854356460&ref=ts> for updates to the work day schedule and notification of last minute changes due to weather. And check out our blog  
<http://eloncommunitygarden.wordpress.com/>

If you have any questions or comments about the Elon Community Garden please contact Sarah Marcus at [smarcus@elon.edu](mailto:smarcus@elon.edu), or Alex Papp at [apapp@elon.edu](mailto:apapp@elon.edu)

Come to the garden during any  
Garden Workday!
